

Self-Dumping Hopper

Faster, safer and more
economical for all bulk
handling

CompactorMC.com

"Available in 1 cu. yd.,
3/4 cu. yards & 3 cu. yd. sizes!"

Extra heavy-duty, heavy gauge steel, solid welded
inside assures long life and trouble free service.

Scientifically balanced to rock forward and dump,
then to lock itself.

Standard hoppers complete with skid base for forklift
handling. Stacking lugs, casters or legs optional.

The versatile self-dumping hopper can even be used
for parts storage!

Rental and leasing programs offered!

Please Recycle

Made in the US

Self-Dumping Hopper

Eliminates 2 person jobs
normally required for:

Refuse disposal
Scrap collection and disposal
Parts handling
Bulk handling

The versatile self-dumping
hopper can even be used for
parts storage!
