20SC-HT	20 cu. yds	42"	74"	175"	80"	21'6"	42"	69 1/2"

Additional Specs

2.0 Cubic yard charging chamber

Dimensions: 42" x 69-1/2" x 30"
Penetration: 13"
Ram face: 3/8" plate
Chamber sides: 1/4" plate
Chamber floor: 3/8" plate

Motor:

10HP, 208/230/460V. 3PH: 60HZ

115 V control function

PLC for control functions

Pump: 10 GPM

Cylinder:

Twin: 4" bore cylinder
Stroke: 36"
Rod Size: 2 1/4"

Approximate cycle time: 40 seconds

Normal compaction force: ... 40,250 lbs

Container:

10 ga. Radius Body design
Bubble gate to assist material roll
Full rear gate seal
Fluid filled pressure gauge
Full Container light
Advanced-warning light
Low oil shutdown
4 Rigid steel wheels
8" Diameter x 8" Wide
Multi-cycle with selector switch
